A sincere thank you to our partners who are striving for excellence in their own programs and promoting workplace giving in the community.

# Reporting Tool Driving Healthy Competition

336 organisations have joined the 1MDonors campaign – a 21% increase since December 2018.

Employers are embracing the online Reporting Tool that allows them to benchmark workplace giving progress against similar organisations. As we hit print, the employers using the tool have on average 24% of their employees involved in payroll giving (compared to national average of less than 5%). We encourage all employers with a workplace giving program to join 1MDonors and start tracking their progress.
