A LIFESAVING PARTNERSHIP

Workplace Giving is when Employees make small, regular donations through their pre-tax pay.

85% of employees feel it's important to 'give back' to the community through the workplace. 80% of employees believe that having a Workplace Giving Program makes their company a better place to work. 32% of workplaces saw a marked increase in staff engagement.

Your involvement with Destiny Rescue makes the fight against human trafficking of children constructive and effective.

This is **EXACTLY** where your **DOLLARS GO!**

INVESTIGATIVE WORK

We co-ordinate undercover operatives to gather intel, search for and identify children in the sex trade.

[Your investment helps find victims.]

RESCUE & RECOVERY

Once these victims are located, we plan to approach the subject, or contact our law enforcement connections to raid the establishment, recover innocents and arrest offenders.

[Your investment rescues.]

REINTEGRATION

The transition from rescue to reintegration can be brief or take years, depending on the age of a child, their circumstances

and needs. This might include family counseling, vocational training or employment opportunities.

[Your investment covers specialists to guide each child toward a safe and empowered future.]

PREVENTION

While interfacing with the local communities, Destiny Rescue can offer vital education to vulnerable people groups about the dangers of human trafficking. Destiny Rescue identifies vulnerable high-risk children; easy targets for traffickers, ensuring they are removed from harm's way and taken to and cared for in safe environments, so they are never exposed to the nightmare of sexual slavery in the first place.

[Your investment prevents further harm.]

About Destiny Rescue

Destiny Rescue is an internationally recognised Australian founded non-profit organisation who for many years has been at the forefront of rescuing, restoring and reintegrating trafficked and sexually enslaved children, predominantly in S.E. Asian hotspots.

We work alongside local law enforcement as well as the AFP and FBI, providing intelligence and logistical analysis to government agencies as well as restorative after-care to the children they help liberate from sexual slavery.
